SlotCertify | Games Verification Service

Powered by FortBI data platform

SLOT CERTIFY
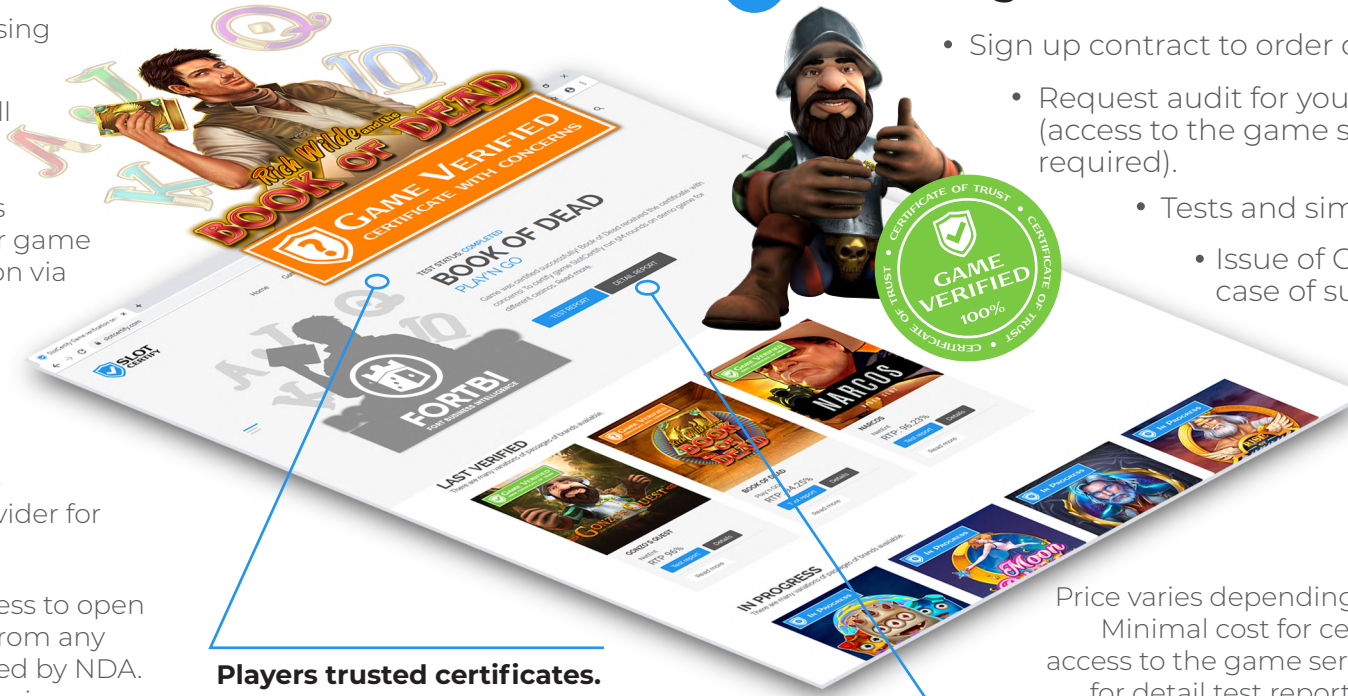

FORTBI

Why do You need it?

Nowadays it is becoming more and more difficult to earn real players trust.

Order SlotCertify audit for your games if you want to build additional credibility with the players and casino operators and succeed in highly competitive iGaming industry.

Benefits for Game Providers

There are several benefits of using SlotCertify service.

- In case your game passed all our tests successfully Certificate of Trust will be issued. Since our certificates will be granted publicly your game will get significant promotion via all possible channels like SlotCatalog / SlotRank / SlotCertify sites, Linkedin, FB, Twitter and other social media

- We are planning to become Approved Audit Service Provider for MGA and other authorities.

- Our subscribers will get access to open test reports for any games from any providers that are not covered by NDA. It will be very helpful for iGaming professionals who want to learn how to build successful game mechanic.

About FortBI SlotCertify

SlotCertify is recently launched independent games certification service for everyone. We are working to make iGaming industry honest and transparent. Based on ForBI* platform we are checking games to protect players from cheating or scams.

Less words, more evidence!
